Build Your Own
Training Package
Course Catalogue

The best package for training team members and making them more productive and efficient

Make Your Own Training Package

In the realm of successful businesses, a proficient and agile workforce is paramount. Achieving such prowess necessitates a strategic focus on training. However, conducting effective training for a large number of individuals simultaneously poses significant challenges. Recognising this, our training programs are meticulously crafted to cater to the unique needs of teams and large groups.

Get in touch with our dedicated team to customise you training package and suit your training needs.

Flexible Learning:

Our platform provides a diverse range of learning formats to accommodate varied preferences and schedules within your team. Participants can choose from various options based on their convenience, accessing training materials at their preferred times. This flexibility ensures a personalised learning experience, allowing individuals to take control of their professional development journey in alignment with their unique time constraints and preferences.

Cost-efficient

Optimise your training budget with our Team Plan, specifically designed for teams and large groups. Our cost-efficient packages deliver substantial savings compared to individual enrollments, enabling your organisation to invest in the professional development of multiple team members without exceeding budgetary constraints. Enjoy savings of up to 60% compared to our single course plan.

Our Core Features

- Dedicated Business Dashboard
- Simple Reporting & User Management
- API Integration
- Instant Certification & Validation
- Flexible Payment Methods

- Dedicated Accounts Manager
- 24/7 Tutor Support and Customer Service
- Bespoke Solution
- New On-demand Courses Are added Regularly
- 14 Day Money Back Guarantee

Quality Licence Scheme Endorsed

We value your dedication to top-tier training, which is why we offer courses endorsed by the Quality Licence Scheme (QLS). QLS's endorsement involves a comprehensive quality assessment conducted by external evaluators, ensuring consistent high standards. Additionally, regular course reviews are integral to maintaining this endorsement.

Recognising the significance of learning and growth for employees and offering QLS-endorsed courses showcases your commitment to delivering exceptional educational experiences. Upon completion of the course, learners will receive a QLS-endorsed Certificate of Achievement, available in both PDF and hard copy formats.

QUALITY LICENCE SCHEME

Xero Accounting and Bookkeeping Training

This course covers system setup, ledger management for customers, suppliers, sales, and purchases, handling sundry payments, petty cash, credit cards, bank reconciliation, payroll and VAT.

Sage 50 Payroll Complete Course

Navigate legislation settings, pension schemes, pay elements, employee management, payroll processing, e-submissions, statutory payments, holiday schemes, year-end procedures, and linking payroll to accounts.

Teaching Assistant Complete Course ((TA, SEN, Autism, ADHD & Dyslexia) - CPD Certified

Explore classroom dynamics and specialised education needs (SEN) like Autism, ADHD, and Dyslexia. Acquire skills in fostering learning environments.

Data Analysis In Excel

Learners will master data modification, analysis, and visualisation with charts and tables. Explore lookup functions, automate workbooks, map data, forecast trends and data analysis and presentation.

Data Science & Machine Learning with Python

This course covers the core concepts of machine learning with Python and libraries like NumPy and Pandas, along with dataset handling, visualisation, evaluation metrics and more.

Office Admin, Secretarial and PA Diploma

Learn essential skills for office administration like Microsoft Word, PowerPoint, and Excel, document creation, presentation design, data management and professional support roles across various industries.

Explore more QLS Endorsed courses

Regulated Course

Officially accredited qualifications hold significant recognition. Specifically, regulated qualifications carry greater esteem compared to Certificates of Achievement. These regulated certifications signify that learners have achieved qualifications sanctioned by a UK Regulator and a reputable Awarding Organisation.

Our collaboration extends to Ofqual Regulated and Focus Awards, offering an array of regulated courses spanning multiple levels across diverse categories for our learners to explore.

FOCUS AWARDS

ofqual

Regulated Course

Focus Awards Level 5 Diploma in Education and Training (RQF)

This course will equip students with the necessary skills to enhance teaching, learning, and assessment within the field of education and training.

Focus Awards Level 3 Award in Education and Training (RQF)

Throughout this course, students will gain a profound understanding of teaching principles, create inclusive learning environments, and master assessment techniques.
